## ! SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

**Name of product** Aqua Clean AC 20 - no chlorine -  
Art-Nr 1.0101.00705.00000  
N-58424

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

#### Recommended intended purpose(s)

water treatment

### 1.3. Details of the supplier of the safety data sheet

#### Manufacturer/distributor

Yachticon A. Nagel GmbH  
Bürgermeister-Bombeck-Str. 1, D-22851 Norderstedt  
Phone +49 40 511 37 80, Fax +49 40 51 74 37  
E-Mail yachticon@yachticon.de  
Internet www.yachticon.de

#### Advice

Phone +49 40 511 37 80  
Fax +49 40 51 74 37  
E-mail (competent person):  
yachticon@yachticon.de

### 1.4. Emergency telephone number

#### Emergency advice

Phone +49 40 511 37 80  
This number is only available at office times.  
Information in German.  
England, Wales and Scotland dial: 111; Republic of  
Ireland dial: 01 809 2166

---

## ! SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

#### ! Classification according to Regulation (EC) No 1272/2008 [CLP/GHS]

| Hazard classes and Hazard categories | Hazard Statements | Classification procedure |
|--------------------------------------|-------------------|--------------------------|
|--------------------------------------|-------------------|--------------------------|

|                   |      |  |
|-------------------|------|--|
| Aquatic Chronic 1 | H410 |  |
|-------------------|------|--|

#### ! Hazard statements for environmental hazards

H410 Very toxic to aquatic life with long lasting effects.

#### Additional hints

This mixture is classified as hazardous according to Regulation (EC) No 1272/2008 [GHS].

### 2.2. Label elements

**Labelling according to Regulation (EC) No 1272/2008 [CLP/GHS]**

GHS09

**! Signal word**  
Warning

**! Hazard statements for environmental hazards**  
H410 Very toxic to aquatic life with long lasting effects.

**Precautionary Statements**

**General**

P102 Keep out of reach of children.  
P103 Read label before use.

**! Prevention**

P273 Avoid release to the environment.

**! Response**

P391 Collect spillage.

**! Disposal**

P501 Dispose of contents/container to an approved waste handling.

**Additional information**

**Remark**

Use biocides safely. Always read the label and product information before use.

**2.3. Other hazards**

**Results of PBT and vPvB assessment**

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

**! SECTION 3: Composition/ information on ingredients**

**3.1. Substances**

not applicable

**3.2. Mixtures**

**! Hazardous ingredients**

| CAS No    | EC No     | Name         | [% weight] | Classification according to Regulation (EC) No 1272/2008 [CLP/GHS] |
|-----------|-----------|--------------|------------|--------------------------------------------------------------------|
| 7440-22-4 | 231-131-3 | silver (Ag+) | < 0,2      | Aquatic Acute 1, H400 M=1000 / Aquatic Chronic 1, H410 M=100       |

**REACH**

| CAS No    | Name         | REACH registration number |
|-----------|--------------|---------------------------|
| 7440-22-4 | silver (Ag+) | 01-2119555669-21-XXXX     |

**Additional advice**

Biocidal active substance: Silver

---

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

#### General information

Remove moisted clothing immediately.  
In the event of persistent symptoms receive medical treatment.

#### In case of inhalation

Ensure of fresh air.

#### In case of skin contact

In case of contact with skin wash off with water.

#### In case of eye contact

In case of contact with eyes rinse thoroughly with water.  
Remove contact lenses.

#### In case of ingestion

Do not induce vomiting.  
Rinse out mouth thoroughly with water.

### 4.2. Most important symptoms and effects, both acute and delayed

No information available.

### 4.3. Indication of any immediate medical attention and special treatment needed

No information available.

---

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

#### Suitable extinguishing media

Product does not burn, fire-extinguishing activities according to surrounding.  
Alcohol-resistant foam  
Dry fire-extinguishing substance  
Carbon dioxide  
Water spray jet

### 5.2. Special hazards arising from the substance or mixture

The product itself does not burn.

### 5.3. Advice for firefighters

#### Special protective equipment for fire-fighters

Use breathing apparatus with independent air supply ( isolated ).  
Wear full protective clothing.

#### Additional information

Fire residues and contaminated firefighting water must be disposed of in accordance with the local regulations.

---

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

#### For non-emergency personnel

Ensure adequate ventilation.  
Avoid skin and eye contact.  
Use personal protective clothing.

---

### 6.2. Environmental precautions

Do not discharge into the drains/surface waters/groundwater.

### 6.3. Methods and material for containment and cleaning up

Take up dry.

Flush away residues with water.

After taking up the material dispose according to regulation.

### 6.4. Reference to other sections

Safe handling: see section 7

Disposal: see section 13

Personal protection equipment: see section 8

Emergency telephone number: see section 1

---

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

#### Advice on safe handling

Avoid the formation and deposition of dust.

Take the usual precautions when handling with chemicals.

#### General protective measures

Avoid contact with eyes and skin

#### Hygiene measures

Clean skin thoroughly after working.

At work do not eat, drink and smoke.

Remove soiled or soaked clothing immediately.

### 7.2. Conditions for safe storage, including any incompatibilities

#### Further information on storage conditions

Keep container tightly closed and store at cool and aired place.

**Storage group** 13

### 7.3. Specific end use(s)

No information available.

---

## ! SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

### 8.2. Exposure controls

#### Respiratory protection

Not necessary with adequate exhaust ventilation.

#### Hand protection

Glove material specification [make/type, thickness, permeation time/life, wetting resistance]: Nitril, 0,4 mm, 60 min, 480 min. e.g. "Camatril Profi" (KCL GmbH, Email: Vertrieb@kcl.de)

The selection of the suitable gloves does not only depend on different material, but also on further marks of quality and varies from manufacturer to manufacturer.

The exact breakthrough time of the glove material can be requested from the protective glove manufacturer and must be observed.

#### Eye protection

safety goggles

**Other protection measures**

Light protective clothing.

**Appropriate engineering controls**

Ensure good ventilation, where necessary use fume hood.

**SECTION 9: Physical and chemical properties**

**9.1. Information on basic physical and chemical properties**

|                                          |                        |                           |
|------------------------------------------|------------------------|---------------------------|
| <b>Appearance</b><br>tablet              | <b>Colour</b><br>white | <b>Odour</b><br>odourless |
| <b>Odour threshold</b><br>not determined |                        |                           |

**Important health, safety and environmental information**

|                                                          | Value          | Temperature | at | Method | Remark                            |
|----------------------------------------------------------|----------------|-------------|----|--------|-----------------------------------|
| <b>pH value</b>                                          | ca. 7          |             |    |        |                                   |
| <b>boiling point</b>                                     | ca. 1460 °C    |             |    |        |                                   |
| <b>melting point</b>                                     | ca. 800 °C     |             |    |        |                                   |
| <b>Flash point</b>                                       |                |             |    |        | not applicable                    |
| <b>Vapourisation rate</b>                                | not determined |             |    |        |                                   |
| <b>Flammable (solid)</b>                                 | not determined |             |    |        |                                   |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No information available.

### 10.2. Chemical stability

Stable under normal conditions of use.  
 Stable under recommended storage conditions.

### 10.3. Possibility of hazardous reactions

No information available.

### 10.4. Conditions to avoid

No information available.

### 10.5. Incompatible materials

No information available.

### 10.6. Hazardous decomposition products

Concerning possible decomposition products see section 5.

### Thermal decomposition

Remark No decomposition if used as directed.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

#### Acute toxicity/Irritation/Sensitization

|                          | Value/Validation | Species | Method | Remark                                |
|--------------------------|------------------|---------|--------|---------------------------------------|
| <b>LD50 acute oral</b>   | 3000 mg/kg       | rat     |        | Information refers to main component. |
| <b>LD50 acute dermal</b> | > 10000 mg/kg    | rabbit  |        | Information refers to main component. |
| <b>Skin irritation</b>   | non-irritant     |         |        |                                       |

|                                                                                                                                     | Value/Validation | Species | Method | Remark                  |
|-------------------------------------------------------------------------------------------------------------------------------------|------------------|---------|--------|-------------------------|
| <b>Eye irritation</b>                                                                                                               | low irritant     |         |        |                         |
| <b>Skin sensitization</b>                                                                                                           |                  |         |        | No known sensitization. |
| <b>Sensitization respiratory system</b>                                                                                             |                  |         |        | No known sensitization. |
| <b>Experiences made from practice</b>                                                                                               |                  |         |        |                         |
| Frequent persistent contact with the skin may cause skin irritation.<br>Dust can cause eye irritation.                              |                  |         |        |                         |
| <b>Additional information</b>                                                                                                       |                  |         |        |                         |
| The product should be handled with the care usual when dealing with chemicals.<br>Further hazardous properties can not be excluded. |                  |         |        |                         |

## ! SECTION 12: Ecological information

### 12.1. Toxicity

#### Ecotoxicological effects

|             | Value                               | Species             | Method | Validation                            |
|-------------|-------------------------------------|---------------------|--------|---------------------------------------|
| <b>Fish</b> | LC50 > 1000 g/m <sup>3</sup> (96 h) | Pimephales promelas |        | Information refers to main component. |

### 12.2. Persistence and degradability

|                                 | Elimination rate | Method of analysis | Method | Validation                                                                               |
|---------------------------------|------------------|--------------------|--------|------------------------------------------------------------------------------------------|
| <b>Biological degradability</b> |                  |                    |        | The methods for determining biodegradability are not applicable to inorganic substances. |

### 12.3. Bioaccumulative potential

No information available.

### 12.4. Mobility in soil

No information available.

### 12.5. Results of PBT and vPvB assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

### 12.6. Other adverse effects

#### General regulation

Do not allow uncontrolled leakage of product into the environment.

## ! SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

#### Recommendations for the product

There are no harmonised regulations on the disposal of chemicals in the member states of the EU. In Germany the Recycling and Waste Management Act (KrWG) stipulates recycling as a requirement. This means that a distinction must be made between "wastes for recycling" and "wastes for disposal". Particular aspects - in the main concerning delivery - are also governed by the Laender.

**! Recommendations for packaging**

Totally emptied packaging may be taken for recycling.  
Totally emptied packaging may be treated as household waste.  
Disposal according to official regulations.

**Recommended cleansing agent**

water

**General information**

Allocation of the waste number has to be done according to the EWC directive industry- and process-specific.

**SECTION 14: Transport information**

|                                         | <b>ADR/RID</b>                                                     | <b>IMDG</b>                                                         | <b>IATA-DGR</b>                                                    |
|-----------------------------------------|--------------------------------------------------------------------|---------------------------------------------------------------------|--------------------------------------------------------------------|
| <b>14.1. UN number</b>                  | 3077                                                               | 3077                                                                | 3077                                                               |
